## ROMA BACKGROUNDER

A grain based energy and protein supplement for weight gain and production in an open paddock situation.

**Backgrounder** is specifically formulated as a grain based production mix for consistent growth and weight gain of cattle from the post-weaning stage through to entry into feedlot or sale. This mix is well accepted and will result in good weight gains in cattle on pasture feed without the need for yard feeding.

**Backgrounder** is a quality mix for use in open tubs with intakes of around 1-2% of body weight, depending on quality/quantity of available pasture. This product also contains Flavophospholipol, which is a novel rumen modifier, for enhanced rumen function and feed conversion efficiency.

### Nutritional Analysis (As Fed Basis):

Min. Crude Protein	14.0%
Min. Equivalent Crude Protein	5.0%
Min. Total Protein	19.0%
Urea Equivalent	1.7%
Calcium	1.2%
Phosphorus	0.8%
Sulphur	1.0%
Salt	4.0%
Trace Mineral-Vitamin Premix	0.2%
<b>Metabolisable Energy</b>	9.8Mj/kg
Flavo Phospholipol	10 mg/kg

### Daily Intakes (per head per day):

Animal Class	Grams per day
Grower (200-300kg)	2000 - 5000
Heavy Steer(400kg)	4000-8000

### Ingredients:

Vegetable protein meals, wheat, sorghum, molasses, pulverised limestone, mono-dicalcium phosphate, ammonium-sulphate, bentonite, Magnesium oxide, salt, trace minerals and vitamins, Flavophospholipol.

*(Note – Ingredients and Analysis may vary slightly due to seasonal availability and conditions)*
